

GET CLEAN[®]

Safe for you, your home,
and your planet.[®]

Fresh Laundry Concentrate (Powder) ☆

You know the deliciousness of clean clothes right out of the wash? Fresh Laundry takes it to the next level. The natural-enzyme formula leaves clothes extra clean while being gentle on the planet. Which means you can bury your nose in a pile of clean laundry and breathe a little easier.

Also available in a fragrance-free formula.

Benefits

- This little 5.5-pound box washes 88 loads, 30% more loads than the same amount of Ultra Tide[®] Powder.*
- Super performance — enzyme-activated cleaners keep whites white and colors bright.
- Safe on all washable fabrics — and effective in hard or soft water.
- Formulated to help prevent dyes in colored clothes from transferring from one garment to another during wash.

Did you know?

Many laundry powders may contain irritants that can be absorbed through the skin or inhaled — a common cause of allergic response. Triethanolamine dodecylbenzenesulfonate is such an irritant, and is on the EPA and DOT hazardous substances list. Contact can irritate and burn the skin and eyes, breathing it can irritate the nose, throat and lungs causing coughing, wheezing and/or shortness of breath. Repeated skin contact may cause dryness, itching, chronic irritation, and rash.

Fresh Laundry Concentrate does not contain these hazardous ingredients.

Shaklee Difference

SAFE

- ✓ Hypoallergenic

Fresh Laundry

Concentrate (Powder)

Directions for best results

Sort wash loads by color, fabric, and amount of soil. Wash noncolorfast items separately.

Pretreat stubborn stains: Spot test for colorfastness before treating garment. Wet problem area with undiluted Fresh Laundry Concentrate Liquid. Rub into fabric. For maximum cleaning, wait several hours before washing. For getting rid of specific stains, see guide on side panel.

Select the proper water temperature for the fabric being washed.

Cool: Delicate and synthetic fabric and noncolorfast items

Warm: Lightly soiled clothes, cottons, linens, and permanent press

Hot: Heavily soiled colorfast articles, white cottons, and linens

Front-loading washers and medium loads: Use 1 oz. per load.

Top-loading washers and large loads: Use 2 oz. per load.

Add Fresh Laundry Concentrate Powder to water. Because Fresh Laundry Concentrate Powder is a powerful, concentrated formula, it should be dissolved prior to contact with fabrics.

Add clothes to washer. Never overload. Mix large and small items for a balanced load. Select proper water level. Check garment labels for directions on proper care; flame-retardant fabrics may require special washing procedures.

Sizes available

- Fresh Laundry Concentrate (Powder), 5.5 lb. (#00159) ☆
- Fresh Laundry Concentrate (Powder), 14 lb. (#00160) ☆
- Fresh Laundry Fragrance Free Concentrate (Powder), 5.5 lb. (#00161) ☆
